2020-2021**

Foreword

Change is the only constant in life. But there are some changes we can't control. Whether good or bad, they always teach us something new. They make us more flexible & prepare us for the uncertain future. Year 2020 was also the same, Covid-19 has left no space untouched; be it an adult or a toddler - this pandemic has affected everyone. But at the same time, all of us have discovered new insights in life. This unplanned and unexpected change has shown a great impact on education. Shifting from traditional classroom learning to digital platform learning created number of challenges & issues for the learners initially, particularly for pre-school students. In spite of this roller-coaster, the students of Bright Play Centre have completed their academic year 2020-21 smoothly & successfully. This newsletter will give you a glance of the activities done throughout the year with the support of your creative ideas and enthusiasm. Your cooperation and regular feedbacks have encouraged us to work with a difference.

Dear madam,

First of all thanks for your hard work in supporting my daughter. Your activity & play based learning approach is amazing. With help of easy guidelines & scheduled on Flinnt my daughter can login easily without my help & can learn/grasp easily through online video. Teachers have done fantastic job to make a video for easy learning. My daughter Tvisha shah enjoying lot during online classes but she is missing her friends.

Your's faithfully,

About my experience in bright .

I am very thankful to principal Mam as well as all Mam of my son Dhwij from play group to sr.kg. my journey with bright remains much better. I have no words to explain my experience but I in few words,

School teaches not only academic but also extra curricular activities which are necessary for the child progress. I like all things in the school from rules and regulations to infrastructure. Special thanks to Payal Mam because she is taking online classes very well. She gives respond to every child and parents.

Overall development of my child is also admirable.

Thank you,
Yours sincerely

Respected Payal Madam,

I am the mother of **Nishka Pandya, studying in your class SR. KG - Div B** in CBSE, Bright Play center.

I just would like to say a few words regarding this academic year with you for my daughter. First of all I want to say "**Thank You**" for all your support, guidance and your effort on my kid for education.

I would like to appreciate and thanks for your teaching method, your proper line-up with all children and excellent tuning with kids. I am happy with your method of teaching as well your continuous interaction with all kids. During the class, we like your presentation skill as well easy to learn methodology.

Thanks a lot again for your support and guidance for my kids during this academic year. .

My little preschool graduate(Manush) has come a long way! Graduation is a time to celebrate an extremely pivotal milestone in your life. The milestone in education is something worth commemorating and enjoying. You have taken a leap from being a preschooler to a kindergartener and now all the hard work of your teachers specially class teacher Minalmam has paid off. For us as parents, it's a time to show you the value of education through positive reinforcement and support.

Thank you Bright Play centre for giving the best education and learning to my child and cultivating good Habits in him to make him good Human as per indicated by the meaning of his name.

Hello Mam,

I am **Shveta Chirag Patel**; my child name is **Meet Chirag Patel**. He has been studying in Bright play center from play group. When he was in play group, it was his first day at school .He was crying & I was very worried about my child. But when we reached at school there was very warm welcome for children .So he became happy & went to his class.

In **Play Group** Meghana mam, Riddhi mam & laxmi masi supported him for all kind of activates every day.

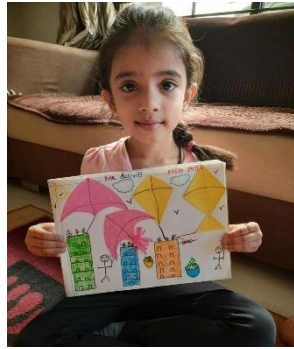

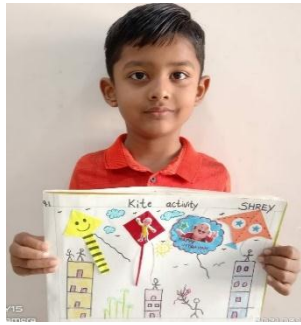

In **Junior KG** Ghosha mam had teaches alphabets formation very nicely & school has been taking other activities also which are very helpful for children's development. Children enjoyed the activities in "**BRIGHT KE HUNARBAAZ**"by bright ke hunarbaa" & annual concert school provides stage Platform to children from this they gain stage daring from childhood onwards.

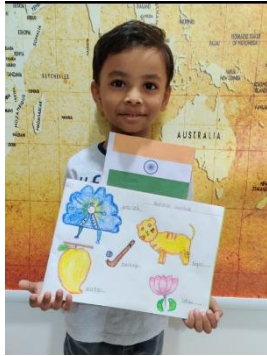

From the Beginning of **Senior KG** due to this pandemic situation online education was new for all of us during this school are sending nice videos which are very helpful for home study. I thanks to all the teachers for these videos which they made & share with us.

I specially thank Minal mam you know mam my child is not only naughty but also shy because of your encouragement there is improvement in his behavior by zoom session you improves his communication skill and reading also.

"Childhood learning is lifetime learning "

Dear Sujata Madam,

Hi, This is Parents of Bhagya Patil (Sr. KG-D). We like the way you teach and make them understand in very good manner. You keep on eyes and take care of everyone individually, during online classes. Such a very good effort form you. We appreciate it.

Thanks a lot.

Respected Mam,
Greetings of the day!

I am glad to share the ideas that are pour by kaveesh for the attached video are Day×Night drawing , Long ×short Snakes from clay, Left×right from shoes, Big small by Globes.

Shooting this video made me more happy with all ideas by him.Thank you mam,its all because of Bright Management and hardworking teachers.Rather than giving 3 times writing work as Homework and classwork, it is actually "The best idea" to shoot video and send.It is not only helping in Speaking with confidence but also enhancing thinking abilities in my son.

Regards Happy mumma,

Hello Mam,

While amid last year where the whole world suffered from the corona pandemic. We as parents were to much worried about our little ones education as this is their base for the whole life ahead , We are grateful to Bright school for this great intitative to provide education on zoom app.

In start all of us struggled to adjust to this new normal for all the thing but i would like to take this opportunity to thank all the teachers for the efforts they are putting together to teach our children and ensuring their growth . Teacher prepare lessons, making kids learn through fun, all this through distance learning.

It is indeed a very difficult time for all of us,Our responsibilities as parents have increased along with being a homemaker but the teachers are making sure that learning doesn't stop.

It is very difficult to teach such small kids online. However Payal Mam makes sure that each kid gets proper attention and the learning is smooth.

I really appreciate the fact that focus is not just on finishing the syllabus but also ensuring that each kid is learning properly.

Naira enjoys the co-curricular activities which are taking place along with the main subjects. she looks forward for the classes.
It is really commendable.

A special thanks to Payal mam for always being available whenever Naira needed help. She has always made sure that all the students are motivated and also queries from all parents are answered. I also love the way she conducts the class.

We all and kids would wish to get back to old normal soon
Wish all the good health for teachers parents and kids.

Thanks and best regards,
Anita Advani

Respected Madam,

Good Morning, this is keya's father. It was wonderful experience of online learning. Initially we are not familiar of the platform. She missed numbers of secession. Gradually we accept the learning.

Teaching of Payal Madam is so good. Her way of teaching is wonderful. I really appreciate.

Overall experience is good.

Thank you

Good afternoon mam

I am FARHANA Jariwala, mother of Sakina Jariwala I really appreciate you and your whole bright team teachers and Kalpana mam for your excellent efforts in zoom session...

Sakina enjoyed zoom session rather than videos....videos take so much time to understand her..and also my time😓...but when you are in front of her ,she quickly understood...

no doubts that you guys have done so much efforts in videos also...and for that thank you very much....

but as a parent I appreciate zoom classes very much as she know ur name as a class teacher when meeting started first time...and a big big thanks to you mam as you give so much attention on sakina..

so much have to appreciate but my words are not enough for that..

we know this academic year is very tough for all children but videos and zoom sessions make it easyin simple words

"Bright ki team ne kar dikhaya"

THANK YOU SO MUCH..

Sakina loves you very much Minal madam..

Hello madam

I am Mitali mistry mother of harleen mistry sr kg-A would like to share my experience during the coronavirus pandemic. The biggest advantage of it is I get to spent more time with my daughter.I also learn different teaching methodology you are apply on student during classes. I came to know well about her strong point and weaknesses. Even I came to know that how difficult is it to teach a basic concepts to children. Sometime my children miss her school and I also found that if she is in school it will be good for her to learn thing quickly but as we know due to pendemic coronavirus we can't fulfil all her need. Thank you to all teachers and management of

Dear teacher,

I know that you would rather be in your classroom right now, teaching your students in person and watching them grow day by day.

Thank you for all your hard work and dedication.

Thank you for doing your best for students and for being flexible in this unprecedented situation. Thank you for your patience with technology, your willingness to try new things, and ability to reach students even from a distance.

Everything you are doing is appreciated and that everything you are doing is making a difference in student's lives.

Thank you to bright school teachers and proud of supporters like sujata mam.

Good evening

The ideas poured in all the task by teachers are praiseworthy. Kids are enjoying themselves (specially Naksh). A simple drawing teach with unique way and with lables is a great idea for kids to learn more words. This bulid and encourage creativity , skill and confidence in kid.

Naksh really enjoyed drawing. Day by day his drawing skill increase and take more and more interest in deawing.

With drawing he learn more words with easy way. Herewith attached train pic.

Thanking You

Respected Mam,
Greetings of the day!

Thank you for appreciating parents efforts.But we as parents appreciate yours more.Its not an easy task to be techno person overnight.But you are doing great work.And seeing your attempts we too are trying hard to walk with you. Today's session was nice.Kaveesh enjoyed the session. Attaching his work.He is excited to hear one more day for zoom session.He says tell mam to come daily.I miss her lot.

Respected Harsha mam,
Greetings of the day!

It was privilege to have phone call from You and Madam kalpana to appreciate kaveesh.

I felt all my hard work is paid off by your lovely appreciable words. Keep showering your love and blessings always on him.

Good morning

Today's session was very nice. Counseling session was very good. In this you teach us so many things that how to handle a kid and how to behave with them. How to increase their ability and not compare our child to others. It was superb lesson for mother nature.

In game session Naksh enjoyed a lot. He want these types of activities in other session.

Thanku so much mam make his day happy.

Respected mam,

Hope you're fine. Yesterday I didn't get your call, but my son Mohammed is enjoying studies and he is doing well. Daily he waits for videos and he watches them and completes his work joyfully. He misses his school and is eagerly waiting to reopen the school. He enjoys online Zoom meeting classes too. He waits for online classes.

Thank you a lot, mam, for making so much effort for our children.

Thanking you once again.

Yours sincerely,
Zainab Bangdiwala.

Respected madam

Today's session was really very interactive for children and parents as well. Ananya enjoyed the game very much. We also felt like we were also children. Thank you for planning such an interactive session. I am really happy that we have teachers like you for my daughter because of whose efforts Ananya has managed to flourish in SrKg. Thank you

Respected Mam,

Greetings of the day!

Thank you for your feedback.

It matters a lot. 🙏

The growth in Kaveesh is all about the hard work of school and teachers, especially in this pandemic.

Thank you, Mam, for working so hard in this tough time. It is much appreciable by us. Your videos don't make him feel you are away from him. Your loud and clear voice with perfect pause makes him feel you are with him in class.

Waiting for the day when Kaveesh will be able to meet you with a new normal life.

Thank you once again.

Respected Mam,
Greetings of the day!

After success of virtual Christmas party, we were waiting for something new. And today got update in flinnt for dress up community helpers.

Bright management amaze parents with new ideas daily. And hats off to all teachers who are working hard on it.

Since so many days community helpers were taught by different teachers with new ideas (specially that dhol music suno suno bccho- it was lovely. Special Thank you to that teacher also) and today you too taught in zoom. So how can we be any other Helper!!!

Presenting my son as the community helper who is warrior in this tough time, who has forgot her home, family and got digitally over night for our kids study, who has proved her the best, who welcomes and signs off with beautiful smile and lovely words, who has given confidence in my kido virtually, who has appreciated and corrected too whenever needed.

So here is kaveesh playing role of his "Harsha Mam"

Respected Mam,
Greetings of the day!

Shooting videos is our favourite activities these days. Kaveesh always waits for the end of the session when you will say shoot your video and send me children's. He immediately says Mumma let's do it.

And I feel proved that my once my child is drastically changed to confident child just because of Bright school and two teachers who came in his life. Madam Harsha and Madam Veera. Thanks to you both. You both are treasure of Bright school. Blessed to be part of you both.
Once again thank you.

Attaching kaveesh today's task.

Respected Mam,
Greetings of the day!

Happy new year to Bright management, respected Kalpna Mam, all Teachers and non-teaching staff.

Today Kaveesh got a new year gift from his grand parents. After saying thank you to them he says Mumma please make sentences on my gift I want to show it to my dear Mam. Attaching his video of new year gift using word "It"

Greetings of the day!

We are thankful to Bright management and Oxford Press India for conducting such a parent activity based series. It was very nice. Activities shown by Miss Sonia Relia were good. We could get clear message upon how to develop skills of improving memories, sequencing, thinking and learning new things in our child while involving him in day to day activities.

Looking forward for more such sessions.

Greetings of the day!

From last many sessions, I am thinking if kids would have been in school then they must learnt magic from you. The way you teach step by step drawing part then colouring part, I must say mam it is highly appreciated. Kaveesh is gaining lot of interest this day in drawing and colouring. Thank you mam. Your teaching was too good and now this drawing sessions are preparing little brightians for primary sections. We are lucky to be part of bright school and you.

Attaching one small collage of both the activities.

Academic year 2020-21 for my daughter in Sr Kg Div.E was really remained challenging & at times, we lost hopes for her study in this year!

However, the way in which Bright School management & team of teachers really picked up & started teaching online by sending small videos to little ones, which was really great & proved to be very effective & convenient. We really appreciate the timely response from the team BRIGHT.

At this stage, children have started self learning on zoom meeting app independently, which is also because of keen efforts & kind support of Archana madam to her class students.

During zoom session, being parents, we too have observed that how politely & effectively madam has trained her class students.

We are personally thankful to madam Archana & her team with Bright management.

Dear Madam,

When this pandemic began, All teachers were given little notice to shift very quickly to Online Classes sometimes with little or no training. They had to learn new technologies, find non-technology solutions to student learning, and figure out how to keep students engaged. But Teachers had to balance home and work while simultaneously caring for their students.

We had given an opportunity to appreciate all teachers of Bright Play Centre in this current situation. We all parents Thank you for creating a fun and safe educational environment for our childrens and All the hard work put up by all teachers will not go unnoticed – thank you for everything.

We're so grateful that Amatullah Vohra has Ms. Archana Madam and Ms. Hetal Madam as a teacher in Sr. KG E and both teachers had given proper support and personal attention to our child during online classes and made such a positive impact on our child's life and We can't thank you enough for that !

Its being a year in this situation , whether school will resumed "normal" again or not, let us not forget the hard work of our teachers and always appreciate teachers for their work.

We are very much Proud that our child Amatullah is " Brightian "

Thanks & Regards,
Amatullah's Parents

Helli man

This session was about the activity based learning which was nicely emphasized by Sonia Relia madam. She focused on incorporating new ideas to create new activities which would certainly entertain the new brains. Young kids will learn something new by adopting these activities in their day to day classroom study. This way of teaching will minimise the reluctance of the young kids to attend the classes that seems boring for them. Above all the whole session was very innovative, motivating and pleasant for all the parents. Thanks for organizing such inspirational webinar.

My daughter Jiyanshi Jain got admission in Sr. Kg. Class at Bright play center. It was 1st time when she experienced virtual learning . It was very positive experience for her. This was because of efforts done by all amazing teachers who made learning easy for every child by their creative videos on every topic. The school also teaches spritual and moral values to the students.

My Daughter absolutly love to teach from Keya madam. You are a great teacher . You always encourage every student. Jiyanshi learn all topics very well because of your personnal attention to every student . You have great passion for teaching. We wants to say thanks specially to keya ma'am and all teachers for their great efforts for making virtual learnig easy.

Dear Teachers,

This is Sanjay Mashruwala parent of Hitanshi Mashruwala (SR. KG). I would want to thank all teachers and school management for conducting zoom classes during this pandemic

The classes have been immensely helpful in grooming our children and it continued the momentum of their growth and study. All the teachers gave their best efforts on this platform. Our children enjoyed these zoom classes very much as they are able to meet teachers and friends virtually and also get technically equipped on how to use electronic devices like cellphone and laptop, also parents are able to review their learnings regularly.

Regards,
Sanjay Mashruwala

First step towards new beginning is always filled with mixed feelings.

And that is how the journey of Shrey, and his parents began with Bright school.

Starting from admission process to shifting from Bright School VIP Road to Bright School CBSE board has been an amazing experience.

Especially when it comes to first kid, every experience is new and every time there is a fear about how will the kid handle this new change.

That is where teachers and management play a crucial role.

Shrey is a shy kid, so we were concerned about his stage performance, as he always kept on refusing to perform in front of more than 3-4 people. But he did that quite good.

Every school visit that was required to be made, went by smoothly.

No matter how crowded the school is, I never saw any sort of chaos.

From the first day to now, kids have always enjoyed the process of learning in fun ways.

Kids entered the school when they were hardly being

Dear Deepika madam,

This is our great pleasure to appreciate you for your invaluable services to the school. We feel proud of your teaching perfection. We heartily express our appreciation because you have been evaluated as one of the best teachers of the school. This is a best school which we have selected for our kid's. We wish your bright future.

Thank you,
Your faithfully,
Prince parents.

able to explain things properly and now, they can make sentences in English, which is a big thing in itself.

There are occasions where in parents want to give their kids some extra practice, but because of working parents, they can hardly do that. That is where in the worksheets comes in handy.

Last year was a bit challenging for everyone. With pandemic in place, we all were in dilemma about how kids will continue their studies.

Will they be able to learn via online classes and online videos, will it be possible for teachers to continue teaching with the new challenges where in technology adaptation is crucial and specially there is no kid present in front of them.

Sr. Kg. is base year for kids, so the tension was more. Hence for a moment I thought of taking drop. But thankfully everything was managed in such a way that the whole process becomes adaptable by kids as well as teachers.

They were provided with videos to watch and learn. [That was the time when teachers were supposed to learn about zoom sessions]

Slowly they were introduced with online sessions, where in it began with 1 weekly session and slowly and gradually there were 2 sessions on weekdays.

So, learning never stopped. Neither did the efforts from teachers to teach these small wonders.

Hats off to the teachers and management for handling the pandemic situation and during the non-pandemic situation kids were taught in the best possible way.

Special thanks to Deepika madam for being there and supporting kids during the online sessions.

Respected ma'am,

The sessions were good. The attempt on your and school's end to reach out to kids is commendable. We are truly thankful to all of you for giving your undivided attention towards education of our child even when there were distractions from our end during these difficult times. You have definitely made all sessions very informative and interesting for Dhaara who seems to enjoy each session and does look forward towards attending your class. We as her parents, also noticed how you include every child to actively contribute in these sessions and address everyone by name.

Thanking you once again.

Honorable parents and respected teachers, I hope all of you are staying safe and doing well.

This is Sanjay Mashruwala, Father of **Hitanshi Mashruwala** studying in **Sr. KG (F)** Division would want to share my experience of whole year about on-line education model.

This whole year is very tuff for everyone and toughest part was how to manage our children's education and tutoring while staying at home, however we really thankful to School management and all teachers for taking an initiative of Online classes and fulfilling responsibilities of our children teaching and their evolution.

I really appreciate the Online classes model and step by step lesson, worksheets and sending daily study videos on Parents account helped our children to keep energy intact, moreover this zoom meetings enabled our children to see their best mates and teachers and felt spirited.

I understand that attending school is all together a different experience then an online study, however collective efforts of all teachers and support of school management set the best simulation of school atmosphere at home.

I believe that online education system is new to the teachers as well, however they did their level best with available resources, I also observed in this subtle time, many teachers be taking online classes from the school premises and I really thankful to them for their efforts.

I also thankful to all the parents who adjust with this new method and put their hard work by aligning with teacher instruction.

Last but not the list I am grateful to Mr. Jayendra shah, Kalpana Mam and the entire school management as they are the mainstay for making online model successful.

I really looking forward next year with same level of efforts and team-work.

Regards,
Sanjay Mashruwala

Dear Teachers & Headmistress,

We are writing this mail to give feedback regarding current academic year as requested by class teacher.

Though the whole year was very much affected by pandemic, we never feel that our child did not enjoy his study nor learn new things.

The efforts given by our teachers were priceless and we are really happy for being part of this family. My child is emotionally attached with his teachers even though they never interacted physically. This shows the involvement and contribution of our teachers in their profile. Hats off to them.

But at the same time we are also sad that our child did not get a chance to study in offline mode otherwise the journey would have been more enjoyable.

Our class teacher, Shrima Ma'm, is always encourage childrens and try to keep their confidence high.

One suggestion, school should consider time for activities of mental development(mind game, puzzles, etc...). We also agree that few such activities were performed in last few weeks but that should be more frequent.

Regards,
Hetal Shah

Dear Madam ,
First of all many congratulations for successfully conducting online classes.

My daughter Pihu Khotani is from Jr Kg - C. Her classes are conducted by Sheetal mam as her class teacher. My genuine observation about the class is that even though they are kindergarten kids but they are very well behaved and well mannered. Everybody sit at one place for whole 30 minutes and listen to class teacher very well.

Sheetal mam is 100 percent successful in keeping little angels well occupied and understand all the topics like a regular class.

Also I will like to highlight that this is a good initiative taken by school authorities and Principal. It can keep children busy in a productive work. If online classes will be successfully taken for a week's time than may be instead of one, two classes can be taken.

Thanks and Regards

નમસ્તે જિજ્ઞા મેમ,

પર્વ ના વાલી, આખા વર્ષ ની શિક્ષકે કરેલી મહેનત થોડા શબ્દો માં આમ તો બોલી જ ના શકાય પરંતુ થોડુંક કહીશ. આટલી વિષમ પરિસ્થિતિ માં bright family એ સ્ટુડન્ટ્સ સાથે ખૂબ જ સારી રીતે જોડાવવાનો પ્રયત્ન કર્યો અને એ પણ સફળતાપૂર્વક. શરૂઆત ના સમય માં પર્વ વીડિઓ જોવે નઈ ત્યારે ચિંતા થાય કે આખું વર્ષ કેમનું જશે? પરંતુ લાઈવ ક્લાસ શરૂ થયા બાદ એવું થયું કે હવે પર્વ ને કોઈ ચિંતા નથી એનો શ્રેય જિજ્ઞા મેમ ને ફાળે જાય. ઓનલાઇન એજ્યુકેશન માં શિક્ષકો ની વધારે નજીક આવવાનો મોકો મળ્યો. પર્વ એસેસમેન્ટ વખતે અમે તૈયારી કરાવીએ ત્યારે કાઈ બોલે નહીં પણ જિજ્ઞા મેમ આવે અને પૂછે એટલે તરત જ જવાબ આપે. અમે માનીએ કે શિક્ષક ની આજ કરેલી મહેનત સફળ થઈ ગણાય. આવી પરિસ્થિતિ માં પણ એક શિક્ષક ની એકદમ સાથે જ બેસી ને શાળા માં ભણતા હોય તેવો અનુભવ થયો છે. આ વર્ષ પત્યા પછી પણ અત્યારે પર્વ બઉજ મિસ કરે છે, રોજ નું એ રૂટિન સવારે ઉઠીને લાઈવ ક્લાસ માં બેસવાનું. આશા છે કે નવા વર્ષે જલદી મળી શકીએ.

Dear Veera Mam,

I would to share my feedback on Namya and even our journey.

Initially we were not sure how Bright management will plan to conduct study of 4 years kid . When we have started receiving videos on Flinnt , it was a welcome move. It has helped kid to get in to learning process and Virtual classes were well understood by him. We are very much thankful and really appreciate Bright and Kalpana Mam. Veera Mam, Namya liked you so much , he was always excited to attend the classes. Your effective conduct and management was something to learn for me as well as Lecturer in engineering college!. You were always encouraging all students to participate irrespective of their response which has eventually led all kids to participate actively. You have paid equal attention to all kids and ensure their learning. Namya is so found of you, at the end of academic year, you are like a family member for us. Thanks once again for all the learning and character building for Namya in such a challenging time. Kuddos 🌸

Hope you are doing well....!!!

This email is in regards to the classes conducted online.

We truly appreciate the efforts made by you towards helping our childrens to understand the activities carried out in online class.

To handle so many kids online and give them equal attention at the same time is quite difficult, which we find, you execute very smoothly.

On the suggestion part, I am not sure if this would be possible, but would recommend it, if we do not have online classes on Saturdays, as due to weekends it might sometimes be difficult to attend the class due to other plans.

Thank You for all your guidance and patience.

I Pragati Mane, Mother of Rishi Mane who is studying in class Jr.KG of your school would like to appreciate the efforts taken by the teachers of the school to start giving online classes at this difficult time of lockdown. We all know it's not possible for children to attend the classes at this time which could result in loss of their studies. But i am really happy by the steps taken by your school to continue providing online classes so that even in this time children can still learn new things and their time is not completely wasted. Even my son is taking lot of interest in assignments given by you and putting a lot of efforts to complete it.

I would also like to mention that i have received a video in which the teachers explained how to pronounce each and every word and repeated it several times so that it is easy for children to learn it. It was a very enlightening experience for the kids since the video was made after taking in consideration that it is to educate the kids so extra measures were taken to make it more easy and simple for them to understand and learn.

So thank u for the efforts taken by you in encouraging children to learn new things even while staying at home and taking measures for their bright future. Thanking you,

Hello Bright school all staff and dear Zeal Madam,

First of all thanks for the good efforts and hard work put on this entire year as online teaching.

It's a great style of teaching via online Zoom video call. We found some practical implementation also done by teacher in this online Zoom video call. Even the practice of informing in advance regarding tomorrow's agenda of teaching, this will helps parents to be prepared with all necessary items before zoom class start. This will save more time for both end teacher as well students.

Also time management is good for class. It seems to be found that teachers have shown very dedicated efforts towards students as well as complete course to be finished on time with 100% efficiency. 👍

Taking regular assessment by way of asking students on particular subject or topic is also a good way to encourage students to showcase his/ her capability in online class as well as in daily life.

Thanks Zeal Madam for the conducting great online classes and put your 100% efforts towards the little kids. We also thanks for the Bright school management for this online classes support.

Suggestion

- Please have a one to one session with Student atleast once in a week and speak with Student for atleast 10-15 mins to discuss regarding area of improvement and good things as well as the subject or topic in which students feels poor, this will help students and parents and student will feel like real offline school session.

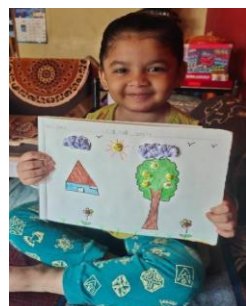

This will also help to students who are not speaking well in class and who are hesitate to speak, by doing this one to one session will definitely increase confidence in students.

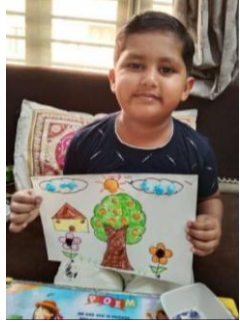

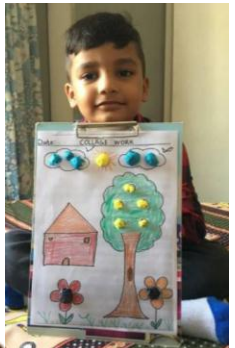

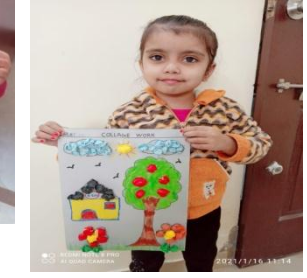

- Also please increase the online session time to make it atleast 3 hours a day.

Thanks,
Herin Siddhpuria
(Neel's father)

Dear Ma'am,
I Aarohi Joshi, Mother of Khushi Joshi who is studying in Junior KG class-G of your school would like to share my experience regarding school, management and teachers.

It's challenging time for all of us in the Covid-19 situation. Like many parents, I'm trying to balance my working life and home life with caring for two children who need to be learning. It's really very nice experience with teachers and whole staff. At the beginning of the academic year, I was little disappointed with management as they had decided to send the study videos, sessions via flinnt, but after Diwali they decided to take the online session via Zoom. I appreciate the efforts taken by the teachers of the school especially Zeal Mehta Ma'am to start giving online classes at this difficult time of Covid-19. She is really very kind, she always give the attention on each and every child in her online classes. We all know it's not possible for children to go the school at this time which could result in loss of their studies. But I am really happy by the steps taken by your school to continue providing online classes so that even in this time children can still learn new things and their time is not completely wasted. I would like to thanks other teachers because we can see their meaningful effort for their students via flinnt videos. It's the first time when school teachers can't teach their students in classroom and have to teach their students via online and they do it really very well. So I really like to thanks for the efforts taken by you in encouraging children to learn new things even while staying at home and taking measures for their bright future. Thanking you,

Aarohi Joshi

Hello Payal Madam,

We parents of **Kian Bhavesh Gada** would really appreciate efforts taken by you while teaching online to our son.

It's really not an easy task for Teacher to teach small child online and ensure that all Kids are performing and listening to teacher and completing all activities.

Also You ensure that you speak names of all Kids one by one so that child pay attention and also feels good that his / her name is spoken.

We as parents know that online class and actual class is vast difference and Jr. Kg. is base where child would learn how to write, draw, etc. but through videos and after Diwali online classes have help our child to focus more.

Starting from Good Morning / Prayer to learning to Bye Bye, it's encouraging our son to participate actively and enjoying during your class.

Thanks to You (Payal Madam), Kalpna Madam and all Teachers who are ensuring that all Kids are learning & enjoying during online class and don't miss there academic year.

All The Best and Hope for Best...

The sessions were made lively,interesting and kid's were given complete attention.

Pulkit was very excited to attend the zoom class and to meet you mam .

Now he will really miss you . We parents will also miss you Mam and the school

During this pandemic the school premises were missed but mam you and bright school team and management ensured that no stone is left unturned and child is given the virtual school atmosphere.

Thanks to you Priti mam , Kalpana mam and entire team of Bright play centre.

Thanks and regards.,

Dear Madam,

This is Babu & Bharathi parents of Dakshith B studying in Bright Play Centre Jr. KG in section G. Regarding online classes is an new experience specifically for KG section kids. At initial stage we are worried about child's future on learning of basics since the KG section is the 1st foot print for the kids learn the basics. However, when the days keeps move on and we got the confidence that the child can learn through online classes due to the way you are teaching them and giving opportunity every kids to encourage them.

Even teachers also became like kids to understand the child's language to make them understand very easily. We appreciate the Bright Day School management for caring and coaching their students through online. But still the kids are missing the journey by van, wearing uniform, playing, missing teachers love, naughty behavior, events, etc. As a parents, we also experiencing online classes that we have seen in our life.

With this message we appreciate and heartfelt thanks to all class teachers and Bright Day School management for such caring their students.

Thanking you

Regards,

Dear Mam,
The Jr.K.G. is over now without coming to school. Hetansh had missed the school like anything. you must have missed your students. Hoping for the best for next academic year.

I would like to thank you for everything u people did it for kids.

The short videos sent by u were really amazing, easy to follow & quite interesting. Worksheets were also very much useful.

Then the Zoom session started which put parents, kids & teachers very close. Hetansh liked those sessions so much that he started waking up early, easily, very cheerfully, & with new zeal. Hetansh liked to see all his friends on screen. He always likes to be unmuted.

The celebration u did on zoom for Christmas, Kite flying, Republic day, Saraswati poojan, Mothers poojan on women's day, Holi were superb.

The salad decoration project, cleanliness is next to Godliness, Housie, Hunnarbaaz were very very much interesting to the kids.

Whether it is studies or co-curricular activities the way in which you guided the kids, you motivated the kids, you boost up the morale of the kids, your positive attitude, your patience, your involvement, your support is the very impressive aspect of your personality.

We appreciate all your efforts for the betterment of our kids.

Thank you so much for your whole hearted support & co-operations through out the year.

Kruti Thakkar (Hetansh 's mom)

We are heartily appreciate that what ever work done by school and respected teacher.

Teacher had done wonderful work for student throughout year.

We are happy with the school and teacher had done wonderful teaching experience for our child. Thanks a lot.

Respected Madam,

I would like to thank you, your team and Principal madam for conducting online classes for students during this period of time of covid 19 which made times difficult.

My son-Pulkit Verma -used to become very sad and gloomy at times because he missed school and his batchmates, while watching his school videos on flinn he used to ask me who is my class teacher I showed him the first introductory video and he was super excited and happy to see you Priti Mam. The day he came to know about online classes through zoom he was super excited to meet you and his batchmates.

I personally would like to appreciate you for your method of teaching while conducting online classes. The way you wish each and every child good morning, wish them goodbye they feel you are with them. Also while explaining a concept or making them write, draw you have a very appropriate pace which helps the kids feel you are with them.

You motivate the kids by again and again asking them whether you have completed your work.. show me your thumb.

Once you acknowledge and say good.. very good my son feels happy and motivated. He is interested to write alphabets and numbers on his own which previously he was not very keen. First we had to request him lot so that he writes but now if we say write quickly we have to send photograph to Priti madam, mam will be happy to see your work and he writes quickly and happily.

Dealing with kids in real classroom atmosphere and creating the same bond in virtual class with children of pre class age is bit difficult but hats off to you Priti Mam you have made the same loving, caring, cozy atmosphere /feel of a real classroom.

Building a bond, rapport with these tiny toddlers virtually is bit challenging but Priti mam your personal attention to all kids is very appreciable

Thanks and Regards

Dear Payal mam,

Thank you for helping to make junior class a positive experience for Aarush. With all your patience and creativity and love. Aarush has achieved a lot this year.

He enjoys each and every class of yours and used to look forward to attend the class everyday.

I want to express my sincere gratitude for all efforts you have taken during this academic year.

Priya Rai (Aarush Mother)

Mam we really want to thank you and all the teachers of Bright school for conducting online classes for our kids.

All the videos, worksheets and all the sessions are so perfectly designed and are informative.

It totally reflects the kind of hardwork, time and energy that all the teachers of Bright family are putting in for such informative sessions. My son Vivan Warialani is really enjoying online sessions.

Once again thank you so much mam for putting efforts in this pandemic situation and thank you Principle mam for encouraging all these things.

Dear Mam.

I would like to thank you on behalf of Riyanshi (playgroup A) for the wonderful work done by you during the online class. Your sessions are very interactive and you ensure that all kids are listening you. Considering covid situation, attempt made by school to start online class with so small kids is a great start. I am thankful for the efforts taken by you in encouraging my daughter to learn new things while staying at home.

Wish to stay connected.

Dear Janki Madam, I take this opportunity to thank you for your support and guidance provided for teaching to VRITI SHAH in such difficult times of Covid through online education which itself was a difficult task and innovative way of learning. This was the first step of education of my daughter and first step is always difficult but it was managed by you and your team with ease and with innovative ideas so they can enjoy their study. Our family thank you and your team for efforts put for all the children. With this year closes with enormous memory in our mind forever. Thank you mam.

I am proudly say my daughter teaching under Jankimam . She give best effort for each and every student in every class. She knows how to convince for study and appreciate students for their small achievements.

Personally in my case my daughter is very moody and naughty she didn't able to identify alphabets. I raised my concern to Jankimam she give me good ideas for different teaching patterns for my daughter within week time, I have seen the difference in my daughter's case . Currently my daughter can able to identify all the alphabets easily

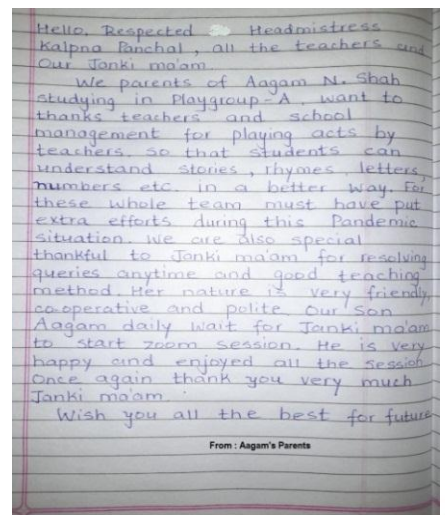

So I am really thankful to Jankimam and pleasure to have such tutors with bright family.

Letter of appreciation-Dr Khushboo Shah, mother of Moksha Jain

Our association with Bright school family goes a long way spanning 30 years. And in all this time I have had heartwarming memories with teachers, supporting staff and administration alike. This year was different and difficult with everything being virtual, new and unknown, thanks to the covid pandemic. But I was pleasantly surprised to see Bright family rise to the challenge with insurmountable positivity and enthusiasm, at the same time being so practical. While my daughter had classes online regularly, they had a well structured curriculum that allocated enough time to let these play schoolers to get used to the virtual format. It was tough for us as parents to be physically present with kids thought the class each day and tougher to be patient with the kid's tiny attention span on-screen! But the teachers were so patient, cheerfully repeating things several times over, till each child followed the given instruction. And it has been an absolute delight to watch my daughter transform from a nervous toddler to a confident student who loves all school activities, all credit goes to our diligent teachers, their affection and their playful and flexible approach, especially Janki Madam, her class teacher. The undying spirit and hard work is evident even in recorded video classes.

It may be a long time before our tiny tots get to attend school physically, but I know my daughter has learnt her first lesson from her school. It happens to be the same lesson I learnt, from the same school, almost three decades back- A d a way.

Hello, respected to all the teachers of Bright play centre and our Gatee ma'am.

Salute to all the teachers of play group and our respected Gatee ma'am to enhance skill and quality of a student.

My child Matri upadhyay (play group B), her Gatee ma'am teaches so politely, gracefully. And ma'am you really understood all the students quality, problem, fluctuation of students mood, internal ability and emotions. Gatee ma'am motivate each and every students to do activity and study. She use different techniques and make regular activity videos and photos. Ma'am never got angry with students, never loose temper with students. Gatee ma'am really putting a great efforts to teach students.

Outstanding dedication of all the teachers.
Thank you very much.

Namaskar, Madam
It's a matter of pride for us that our child name Ratnav T Dange has got admission and opportunity to be a part of this school. Our child is with this school since June 2020. In our sense we believe that to nurture a child of three years is the most difficult task. We observed that our child has grown and adopted lots of skill and positive behaviour and attitude from the education system of this school. We also observed that the system of the school has neither dominated nor impose any burden on the mind of child and still there is eventful and notable change in the growth of child.

In this pandemic situation the most sufferer is education system and children but without feeling hurdles this school and its management excepted the challenge and try to provide the best education through online system. In our sense to teach online to grown up children is some what easy but to teach and keep children below five years attentive towards the online system is a most difficult task which is executed successfully and for that we are extremely thankful to the school.

We also thank his class teacher Gatee Mam she is very nice and polite. Her teaching style is very cooperative for all the students. Her efforts are mind blowing to teach her students. Once again thank mam for that.

Thanks

Dear Gatee Madam,

It gives me immense pleasure and paramount happiness to write about you and appreciate you towards the end of the academic session.

Aadit is too much attached to you, though the classes were virtual, am thinking about the impact you could have created if classes in person. But yes, we need to admit that the teaching-learning process adopted by you was marvelous. On many occasions, I used to login (as I'm working) to check if Aadit is sitting and listening, I too enjoyed your classes.

The personal attention, the life skills will stay throughout their life with them. We all are aware about the fact that these little ones will forget us soon, but the lessons of life, the foundation you laid will help him in being a real human.

Thanks for providing a safe and fun place for toddlers to explore and release their boundless energy. Thank you for the countless projects and activities that emphasize process over product. Thank you for giving endless smiles to our children.

You are our little rays of lights in this turbulent phase of toddlerhood. We wish this relationship continues into the next class as well.

Thank you. Bright family, for creating this learning opportunity and not stopping the learning process during this phase of pandemic.

With much love.

Today This is a great opportunity for me to tell something about my experience through out the academic year 2020-2021. First of all, I would like to thank all the teachers, staff & principal of bright play group family. Teachers are second mother for every child & all the teachers who are making videos & providing online classes make this saying true. Play group is the first for every child to build a big foundation of their life. Children of play group are very young to attend online class but still all the play group teachers including Gatee mam who is a class teacher of my son have made great efforts to provide comfortable environment for studying. My special thanks to Gatee mam because the way she teaches & the way she communicate with children is easy going & outstanding. She encourage my son to speak & participate in "Bright ke rockstars" also. She is friendly to me also. She gave prompt & encouraging reply for each video of my son. She is a ideal teacher for my son.

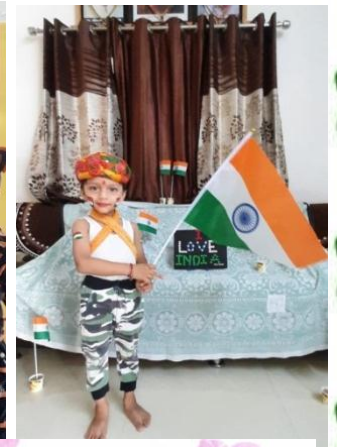

Thank you so much Gatee mam & all other teachers to handle our young children.

Thanks principal mam for arranging webinar of Sonia Relia mam.

Respected Priti Mam,

I Nidhi Desai, mother of Mishva Desai who is studying in PlayGroup D of your school would like to appreciate the efforts taken by the teachers of the school especially Priti mam to start giving online classes at this difficult time. I really happy by the steps taken by your school to continue providing online classes so that even in this time children can still learn new things. I would also like to mention that i have received a video in which the teacher explained how to pronounce each and every words of Poems, Alphabets everything and repeated it several times so it is easy for children to learn it. Once again Thank you very much Priti mam for being a good teacher to my child. As a parent i know how hard it is to teach small children online but you have done a great job. Thank you for the love and care you are giving to my child each day. As a kind parent we truly appreciate that.

Regards,
Nidhi Desai.

Dear Priti Madam,

Thank you for all the hard work you have put in to make the learning interesting and fun. A good teacher is everything a parent can never be. Thanks, for being one. The school may have found a teacher in you, but our child found a hero in you. And personally Taksh is very fond of you. If any of the day it happens that you don't wish good morning or say bye to him then after the class he would say me that ma'am didn't wish me of said me bye. 😊

Heartily thank you for everything.

Dear Priti Mam,

I would like to thank you for all your effort you made to my children Tanisha and Tanishq in this pandemic situation through online class. I am very happy that you made my children not only to learn them but having fun and you engaged them by several activities, assessment with a safe space teaching.

All your efforts show you are best teacher. Thank you for helping our kids as well all students of play group D.

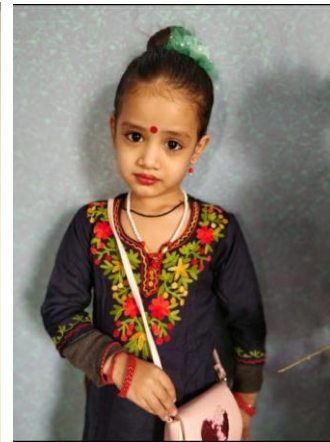

Thanks to all other teachers also for sharing and covering different videos of stories, coloring, songs, dance etc. These all are very innovative and enthusiastic.

Through videos you teach very well to all your students. And special thanks mam for allowing Tanisha and Tanishq to visit and meet you on their birthday. They become very happy to see their school for the first time, especially playground and toys they loved and enjoyed.

Thanks a lot mam for all your kindness.

I want to convey this message as a paernt to the management...

Plz if possible start zoom classes for junior k.g. as the term starts for 21-22...and one more thing I want to share that if possible plz continue Ami ma'am for junior k.g. class because our children r not so grown up that they can adjust with another teacher within just few months... because since January they r connected with Ami ma'am only and children are very much settled down with Ami ma'am's method of teaching and the children and their parents also loved to continue with Ami ma'am...so plz try that the teachers which are taken their play class may continue with junior k.g....

From : Nitya's Parents

To dear Ami ma'am,

My baby is not enough grown up that's why she can't express her feeling very often but as a mother I always get a clue about it and I feel that my daughter Nitya really miss you...

Because of this pandemic crisis school sent videos on flinnt app but my daughter didn't sit or watch videos properly inspite of our hard efforts,but when online classes started after Diwali,she got interested in studies...but when after uttarayan school started daily zoom meeting and Ami ma'am has started to take class,then she become very sincere for study with her favourite teacher Ami ma'am...she loves to do activities which are conducted by ma'am...infact she only listens her "Ami ma'am"...if we told her that मैडम ने बोला है,तो हर काम अच्छे से कर देती है,and that still continue in vacation...

Really Ami ma'am is very cooperative with parents also and gives advice for well being of each and every child personally too...she is handling very calmly these students who really don't know 'what is school?'...thanks to Ami ma'am..now my daughter is became very well behaved child.. really very great ful to Ami ma'am for their special traits and contribution towards her growth...

Like a good teacher she always stays with her students in this tough pandemic situation..

Thank you so much for a beautiful starting of journey with you during almost these 3 months of Play education🙏

With lots of love and gratitude...

Thank you for all your hard work this year. Kavish loves online class and he really enjoys activities. I have seen how slowly slowly you built confidence in our kids to start writing. The way you deliver lessons and encourage participation of each and every student. We are happy that our son is learning so much. Initially he was not ready to see a single videos on Flinnt App. But after this online sessions he started learning and enjoying. The thing is he is more interested in music and dance. So its hard to make him sit at one place. Great efforts by you to make children sit at one place

Thank you so much

As a parent, I feel extremely grateful to have you JANKI MAM as my child DHAIRYA's class teacher through the academic year. From starting of online session as new way of teaching to nursery kids, you have taught in effective way from general to specific. You have introduced books and subjects on very exciting way and create interest for art and craft very surprisingly. You made students very motivate and encourage for different way of learning.

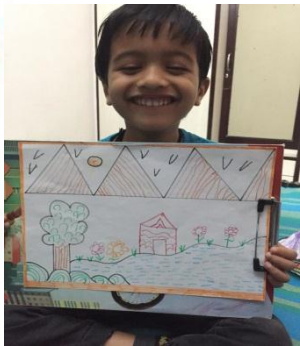

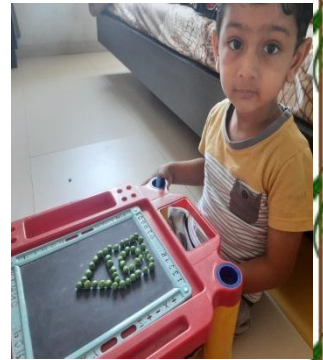

Janki mam is very gentle passionate and enthusiastic for teaching. I have attended all the zoom session from one class per week to whole week class session with my child. I am nursing personnel at s SSG Hospital. I have shift duty. I manage my all duty to attend maximum zoom session with.

In addition, I am thankful to you mam for teaching from home in you seek days. You have taught nursery kids good health habits and daily living manners which is essential for life. I m glad to say to tht my son DHAIRYA is eagerly waiting for zoom session daily and nest day even on sunday too. He asked tocheck flint for next day session saying " Mumma check karne kale janki mam e su redy rakhvanu khyu chhe". As all parents i have also enjoyed basic introducing learning, art and crafts. At last, i would like to say u that My Dhairyra became very happy When You Speak His Name During Class And Having Bis Smile On His Face. I would like to express my sincere gratitude to you for preparing my child school and his journey of education.We adore you so much and appreciate all your care and commitment to our child's education.

Sincerely Thanks . A Lots of Love From My Son DHAIRYA.

Respected mam,

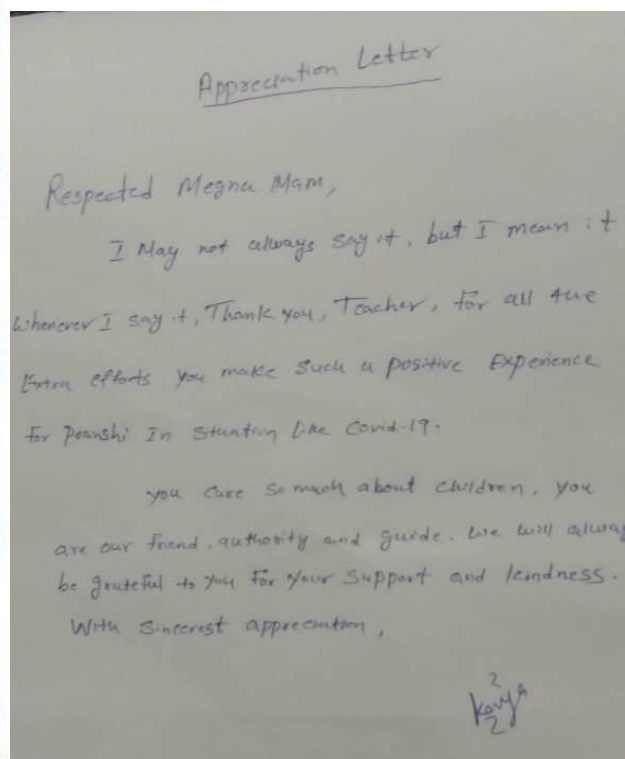

Greetings

Thank you for ur hardwork in supporting my daughter pranshi,as she develops.ur patience & commitment to supporting our child,during this online education has mean a lot to my family.all the videos,worksheets & activites are so good & informative.yesterday's intro of dadi,puppet show was fantastic,somthing different,pranshi throughly enjoyed.

There is a little concern for her,as she need attention,plz communicate with her during every session otherwise she can't complet her work properly.

Thank you so much mam warm regerds

Kavya(pranshi's mother)

Hi,I would like to say a big thank you to each and every teacher at Bright day school for the efforts they are putting together to teach our children ,making kids learn through fun,all this through distance learning,it is very difficult to teach such small kids online.

you all are also making sure that kids do some exercise n masti like balloon blowing etc during class to reduce stress,it is really commendable.

once again thank you to all teachers,who are helping my child learn today n everyday.

A special thanks to megna mam for always being available whenever I need her help,she always made sure my queries are answered.

Under her guidance,my daughter pranshi's self confidence developed.she get G.K knowlege,learn tracing,& phonics sounds in easy way,but still she needs improvement in phonics sounds.

once again thank you so much.

kavya khanchandani,

Pranshi's mother.

The school year has now come to an end. I'd like to express my gratitude for your dedication and patience you have given to my kid during his school year in your class. Thank you for creating such a fun and educational environment for Arnav Soni. We really appreciate it thanks Meghna mam for every thing that you do

I am Yaminiben D Patel, My daughter Meshva study in play center D group. Due to corona school has not been started but in this circumstances, BRIGHT PLAY CENTRE was managed nicely. Through virtual class my child MESHVA D PATEL learns a lot.

Through puppet learns different types of birds and their names, Meshva learns count through glasses and dishes through candy sticks and other local materials she learns shapes, houses ek and alphabetical...

With the help of musical instruments, she learns how different voice comes.

We are very thankful to you, Meshva learns good habits and healthy life style.

Even she learns some basic, such as vegetables how to draw rangoli, basic voice difference of metal and non-metal.

Live Video how you made different birds through different colorful paper

You use activities through learning and teachers some good habits.

I am Very thankful to you.

Yours Faithfully.

SUB: LETTER OF APPRECIATION

To Respected Madam,

Online teaching during this difficult time of COVID-19 is indeed a huge challenge for all schools. Teachers have to handle the course, load online lectures and now conduct Online ZOOM Sessions for kids. I am indeed very impressed by the teacher community at Bright Play Center was able to transcend the challenge of teaching through the new method i.e. online studies and not the class studies. The teachers are putting in a lot of efforts to prepare the classes in a manner that even remotely they are able to grab the attention of their Play Center Students. The videos introduced in the online teaching keep the students glued to their classes. Having an activity-based class like finger-printing, sponge printing, sticking bits of papers, etc. in addition to content based classes are also a great idea.

A noticeable and pleasant change after introduction of the ZOOM sessions is that our child is able to connect not only with his teacher but also his co-students and starts to get a feel of the class-room atmosphere; which is indeed very difficult to replicate in "study from home". Initially our child was used to going in Play Center at Kidzee and was slightly reluctant to shift to Bright as he was attached with the staff at Kidzee. However a few days back, he came and whispered in our ears "Don't tell anyone, that I like Priti Madam so much!", which is a testament to the fact that the teacher has carved a place in the child's heart and mind.

Also there is one more noticeable change. We had earlier not taught our child English and were only conversing in Gujarati, considering that he will learn English when he will get exposed to it in his school. Bright Play Center's teaching has given our child that exposure to speaking in English and he is now motivated to converse in English on his own, which is quite a feat in itself and speaks for the teaching pedagogy being followed.

We support you in the activities & look forward to your role in engagement of the child for his growth.

Thanks and Regards,

Meha and Mehul Trivedi.

Thank you for all your patience and support! Meghna Ma'm, thank you for sharing your love and passion for education with our child. While He didn't always pay attention as closely as he should have, you have taught him well with patience.

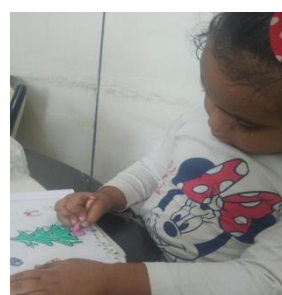

Your passion for teaching and your dedication to your students is obvious in everything you do. I hope you know the priceless impact you are making in so many lives.

Thank you teacher...

Dear Parents,

I would like to extend my best wishes and heart felt gratitude for all your support throughout this journey during the COVID-19 Pandemic.

It surely would not have been the same and smooth to inculcate this new method of learning in our little blooming dales. Your co-operation, constant support, creativity and enthusiasm to push forward this way of online learning motivated the students as well as the teachers and imbibed the confidence that nothing is impossible if worked hand in hand.

Your positive responses encouraged the teachers to keep going on and provide children the best in the on going situation and make sure their development progress is continued to optimum level with efficiency.

Its surely was a cakewalk to combine both academics & activities for the all-round development of the child with you making sure that your child puts technology to the best use. Thank each and everyone of you for being apart of this virtual learning journey for your child and extending your support to make it possible for us to make sure your child gets the best.

Thank You!

Head's Desk

Dear Parents,

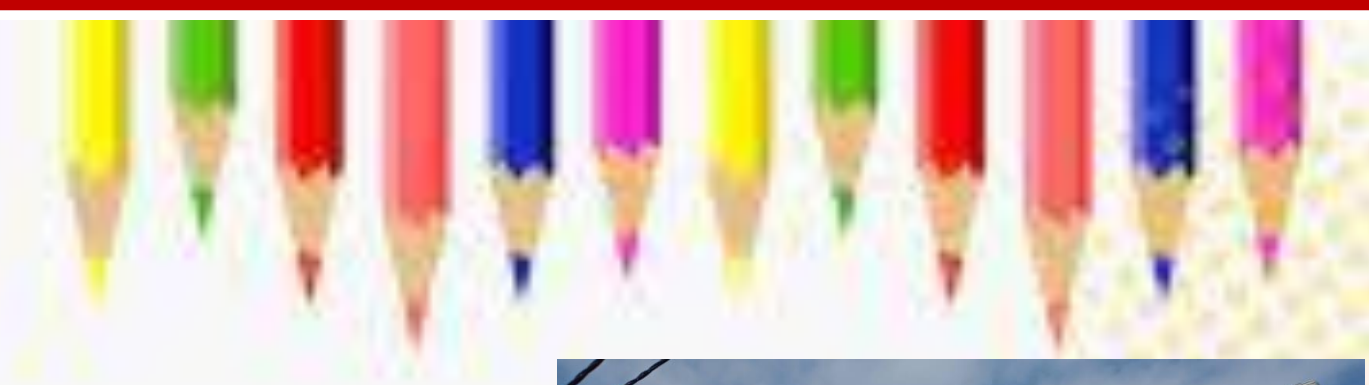

I would like to extend my best wishes and heart felt gratitude for all your support, co-operation and motivation throughout the year. Things were difficult for everyone, the child, the parent and for the teachers. But as our motto says "A will will find a way", we managed to successfully end this year. We all jointly made everything easy and possible. Slowly and gradually our children started enjoying their new learning pattern. A very big thank you to my little learners who adapted this change and co-operated so well. Parents, in all senses you proved that Home is the first school and Mother is the first teacher for every child. Your regular notes of appreciation boosted up our confidence and motivated us to do something new everyday. Lastly I will say that the year 2020-2021 has taught us a new lesson of life. Let us understand and close this chapter smoothly. I wish all the very best and good luck to all my students for their further journey of education. Thank you one and all.
